More than ever, universities have an obligation to be at the forefront of contemporary policies and society. This is why we are engaged with innovation, emergent industries and future jobs.

Our ambition for our graduates is that they will be agile, ethical and competitive in the global economy. And that their experience will shape their sense of self as well as their future career.

Our purpose is geared to making an impact at a global level.

We stand for purpose and you are welcome to stand with us.

LIFE AT UOW

Wollongong, a university city

Being Australia’s 9th largest city and just over an hour from Sydney, Wollongong is a vibrant city that offers the perfect Australian lifestyle. It's affordable, easy to get around and enjoys a lower cost of living than other Australian cities.

With 17 patrolled surf beaches, a strong sporting community, a rapidly growing music scene and café culture, Wollongong makes being a student easy.
LIFE AT UOW

The campus experience

Our Wollongong campus combines modern teaching and study spaces on 83 hectares (205 acres) of landscaped Australian bushland.

At UOW you can study in a clean, healthy environment that combines the benefits of an active Australian lifestyle with the resources of an international university.

When you want to work together and make new friends you’ll find yourself in a welcoming community filled with people from over 130 countries.

Our campus includes academic support, accommodation, sports, culture and entertainment—everything you need.

Study options

Choosing your program

Study Abroad and Exchange programs are designed for international undergraduate or postgraduate students who wish to spend one or two semesters in a program of study at the University of Wollongong and transfer the credits to their home institution. For application procedure information see page 25.

STUDY ABROAD PROGRAM
The Study Abroad program is designed to welcome students to UOW from both formally recognised study abroad partners and non-affiliated institutions for one or two semesters. Study Abroad students pay tuition fees directly to UOW for their program of study at UOW.

INTERNATIONAL EXCHANGE PROGRAM
The University of Wollongong has established formal exchange agreements with a number of leading universities worldwide to study at UOW for one or two semesters. This program allows a limited number of students to enrol each session. Exchange students are not required to pay tuition fees to UOW. Refer to the list of exchange partners on pages 26–27, and contact your home university for more information.

BUSINESS INTERNSHIP PROGRAM
The Work Integrated Learning subject, COMM391 Business Internship is designed for students undertaking any Business or Commerce degree, and provides an opportunity for students to integrate and apply their university knowledge in an industry context. Students accepted into the Business Internship Program are required to enrol in at least one other subject from the Faculty of Business along with COMM391, and one or two other UOW subjects to make up a full-time study load. More information on the COMM391 Business Internship Program can be found at business.uow.edu.au/internship

VISITING RESEARCH PROGRAM
The Visiting Research Program is designed for students undertaking research at other undergraduate or postgraduate level who are currently enrolled full-time at an overseas university and wish to obtain research experience with a UOW research team. This program is usually between three and six months in duration and must be a formal requirement for the degree at the student’s home university. Securing a UOW academic supervisor is the responsibility of the applicant. Participants must contact the relevant UOW faculty or school to gain the support of members of UOW academic staff to supervise their project.

STUDY OPTIONS
Choosing your subjects

Subjects are taught as a mix of lectures, tutorials or seminars, laboratory work where appropriate, and individual study. Study Abroad and Exchange students are assessed in the same way as Australian students.

PLANNING A PROGRAM OF STUDY
Study Abroad and Exchange students enrol for one or two sessions as a non-award student at UOW. UOW sessions (semesters) commence in Autumn and Spring (February and July). If you are studying a postgraduate business program at our Sydney Business School or Wollongong Campus, your sessions are trimesters and start in February, May and August.

Choosing subjects

Choosing subjects

Subjects are taught as a mix of lectures, tutorials or seminars, laboratory work where appropriate, and individual study. Study Abroad and Exchange students are assessed in the same way as Australian students.

Assessment

The assessment details for each subject are available under "Subject Information" at uow.edu.au/handbook.

The grading system:

- High Distinction (HD): 85–100%
- Distinction (D): 75–84%
- Credit (C): 65–74%
- Pass (P): 50–64%
- Credit Plus (CP): 65–74%
- Technical Fail (TF): 0%

- The transfer of grades to your home university varies for each home college or institution.

Workload

Study Abroad and Exchange students must enrol in a minimum of 18 credit points (usually equivalent to three subjects) per semester (three is the maximum number of subjects per postgraduate business student) and a maximum of 32 credit points (usually equivalent to four subjects) per semester. Study Abroad students enrol for one or two sessions, or 24 credit points for one session (either Autumn or Spring session), or 12 credit points in Summer session. One credit point has an implied workload of two hours per week. Six credit points represent a minimum of 12 hours of work: this may be three hours of lectures, four hours of reading and five hours of personal study or essay writing. Many full-time students will spend fewer than 15 hours a week in contact with lecturers or tutors but will be expected to prepare for these classes with reading and tutorial preparation.

Australian universities require students to be self-directed in their study and to submit a considerable amount of written work in assignments and seminar or tutorial papers.

Transcripts

Transcripts of your UOW subject results are issued by the University at the end of each session, and provide details of the subjects completed and final mark and grade awarded. Official transcripts are sent to your home university or program provider for credit transfer.
UOW study areas

UOW offers subjects in a wide range of study areas. Study Abroad and Exchange students are welcome to choose any combination of subjects from the Subject Descriptions link on the Course Handbook website.

uow.edu.au/handbook

In the following pages you will find lists of subject areas available for Study Abroad and Exchange students to choose, along with the corresponding subject codes. For more information on how to choose your subjects see page 25.

BUSINESS AND ECONOMICS

At UOW we focus on strong links with industry, business and government to keep our degrees relevant, with a wide range of professional recognitions. English language programs

ENGLISH FOR ENTRY TO UOW
Students who do not meet the direct entry requirements for Study Abroad and Exchange may choose to enrol in a period of intensive English through UOW College (located on the Wollongong campus). Courses are offered for 6, 12 or 18 weeks with the option of adding additional weeks of study depending on your level of English. English classes commence every 6 weeks.

ENGLISH PLUS UNI
Offered through UOW College, English Plus Uni is for students who do not have English as their first language, and have not met the required level of English to undertake a formal semester program.
Students audit one or two university subjects and at the same time take part-time English language classes. Students study English for 14 hours per week and attend their chosen university subject(s) for 3–6 hours per week.

Eligibility:
- Completion of at least one year of study at a university or other recognised tertiary institution
- A cumulative grade point average (GPA) of 2.7 or higher on a 4.0 scale

STUDY TOURS AND GROUP PROGRAMS

UOW College offers customised study tour programs for groups of students. Study tours can be held at any time of the year, and consist of English language training and/or academic components and/or leisure and social research activities.
Students are typically accommodated in homestay.
For all or some of the study tour components, the home university may choose to grant credit towards studies at the home university.
